WORK EXPERIENCE

Software Engineer

Onetrust

09/2022 - 03/2026

Bangalore, India

Achievements/Tasks

- Developed dynamic reports for multiple modules by retrieving and processing data from Databricks to support business analysis and decision-making.
- Took ownership of end-to-end feature development including requirement analysis, design, development, testing, and deployment.
- Collaborated with cross-functional teams to deliver high quality features within defined project timelines.

Associate Software Engineer

Onetrust

09/2020 - 09/2022

Bangalore, India

Achievements/Tasks

- Implemented backend APIs for the Task module using Java and spring boot, enabling CRUD operations and business workflow processing.
- Assisted in debugging, testing, and validating backend services to ensure reliable feature functionality.
- Participated in code reviews and Agile development processes contributing to sprint deliverables and maintaining code quality.

Software Developer Intern

Onetrust

02/2020 - 04/2020

Bangalore, India

Achievements/Tasks

- Analyzed and understood the functional workflows and business logic of the assigned application module by reviewing requirements, documentation, and existing test cases.
- Implemented automated test cases for a specific application module, improving test coverage and reducing manual testing effort.

EDUCATION

Bachelor of Engineering (CSE)

KLE Technological University, Hubballi

08/2016 - 05/2020

Hubballi, India
